SOHAM GRAMMARIANS - PRIVACY POLICY

The Soham Grammarians exists in order to record the history of Soham Grammar School and to foster fellowship amongst those connected with it.

To further this purpose a register is kept in the form of a database recording the name, contact details and recent reunion attendance of those who studied or worked at Soham Grammar School for whom contact details have been provided. This is updated when information is received.

The database is securely kept by Frank Haslam on computer, with password protection. Your contact information is not given to third parties (see Contact Policy below)

From time to time those on the database may receive communications relevant to the purpose of the Soham Grammarians. On each occasion the choice to continue receiving such communications is offered.

Any person on the database can request by application in writing/email for changes to be made to their information or for the information held about them on the database.

Soham Grammarians operate a website www.sohamgrammar.org.uk which is edited by Frank Haslam. This records the history of the School and includes a selection of items from the school magazine. School and other relevant photos are shown with names as provided from various sources. If anyone would prefer that their name be removed, please contact the editor via the website with details of the relevant pages.
